

METRO showers are supplied standard with a bottom-exit waste-outlet fitting as shown which requires a separate p or s trap.

HI-FLOW WASTE (MWBE) (Requires separate trap)

BOTTOM-EXIT WASTE

Flow Rate: Up to 35 - 40 litres / min.

Outlet Connection Size: 40mm

Depth Below Tray: 40mm plus trap

CLEANING INSTRUCTIONS

Hair or debris which may accumulate at the grate of the waste fitting over the course of normal operation. Left unattended, this build-up may eventually restrict flow. Simply remove any hair, debris, from the top of the grate.

DO NOT USE ABRASIVE CLEANERS OR SOLVENT-BASED CLEANING PRODUCTS ON TRAPS OR WASTES.
