

SHOWER TRAY AND LIQUID-APPLIED MEMBRANE

SHOWER COMPONENTS

1. Cementitious or Acrylic Wall Membrane
2. Wall Glazing Channel installed directly to waterproofing
3. Tray Tiling Membrane
4. Tray Glazing Channel
5. Stile Shower Tray

CEMENTITIOUS WALL MEMBRANES

Construction Chemicals -- Liquid Flash 2
Bostik ASA -- DampFix 3
Ardex -- Superflex WPM002
Davco -- Dampfast
Flexco -- Miracryl
Mapei -- Mapelastic Smart
Technokolla -- Rasolastik
Construction Technologies -- AquaBlok 2

ACRYLIC WALL MEMBRANES

Construction Chemicals -- Liquid Flash 2
Bostik ASA -- DampFix 1
Ardex -- WPM001
Davco -- Dampflex
Flexco -- Flexi-Seal
Mapei -- Mapegum
Technokolla -- Rasogum
Construction Technologies -- AquaBlok

TRAY TILING MEMBRANE

Butyl-rubber / self-adhesive membrane with non-woven polyester facing. Membrane factory-applied to tray providing a tileable surface for modified thinset tile adhesive. See 'Approved Waterproofing and Adhesives' PDF.
